

Parents: Please fill out the following form and send it via postal mail to the address below to allow your child to be part of **TPI Kids**. You will need a separate form for each child.

TPI Kids are children, under age 13, who submit ratings and reviews of theme and amusement park attractions on ThemeParkInsider.com.

They will be identified on the site by their **first name, last initial and home state**. Unlike grown-up TPI members, they will **not** be identified by the city in which they live nor will TPI members be able to contact them via the members-only e-mail forms on the site.

TPI Kids will have to abide by the site's guidelines for writers <<http://www.themeparkinsider.com/ethics>> when posting, and may have their memberships terminated for any violation. While they will be able to submit attraction ratings and reviews, they will **not** be permitted to post to TPI's discussion boards or to the Blog Flume.

Once we receive your permission form, we will e-mail you an account name and password with which your child may log in and submit their comments to TPI.

Please complete all information, even though only the first name, initial of the last name and state (or country, if not the U.S.) will be published with your child's comments on the site. **Please print carefully!**
